

CeilingAP 670acn

Overview

- ❖ 802.11ac/n 27 dbm transmit power adjustable radio
- ❖ -93 dbm peak receive sensitivity ac or n mode
- ❖ Built-in 3 dBi 2.4 GHz and 5 GHz antennas
- ❖ 1 Gigabit Ethernet LAN port
- ❖ 802.3at Power over Ethernet

Performance and software

- ❖ 1167 Mbps throughput
- ❖ Integrated Super Trans technology
- ❖ Band Steering
- ❖ Beam forming
- ❖ Wireless multimedia technology guarantees video/traffic shaping
- ❖ Multi-hop technology, point-point and point-multipoint
- ❖ TDMA and MIMO

Security and Management Features

- ❖ Wireless client isolation
- ❖ Web based management
- ❖ SNMP

Environment and Regulatory

- ❖ CE Rating
- ❖ FCC Part 15 class B
- ❖ One Year hardware warranty
- ❖ Indoor rated, sealed against dust.
- ❖ Temperature rating -20 to 70 C
